A member of the Lloyd's Register group

Lloyd's Register Group Limited, its affiliates and subsidiaries and their respective officers, employees or agents are, individually and collectively, referred to in this clause as 'Lloyd's Register'. Lloyd's Register assumes no responsibility and shall not be liable to any person for any loss, damage or expense caused by reliance on the information or advice in this document or howsoever provided, unless that person has signed a contract with the relevant Lloyd's Register entity for the provision of this information or advice and in that case any responsibility or liability is exclusively on the terms and conditions set out in that contract.

## Approved Manufacturer of Steel Plates, Strip, Sections & Bars

| Steel making           | E.A.F. / Con Cast | Grades                   | As below          | Units    |
|------------------------|-------------------|--------------------------|-------------------|----------|
| -                      | -                 | carbon, carbon manganese | 1.00              | As below |
| -                      | -                 | alloy steel              | 1.00              | As below |
| Semi-Finished Products | Billets           | Grades                   | Maximum Thickness | Units    |
| Normal Strength        | -                 | Carbon                   | 160.00            | mm       |
| Normal Strength        | -                 | Carbon-manganese         | 160.00            | mm       |
| Normal Strength        | -                 | Alloy                    | 160.00            | mm       |
| Higher Strength        | -                 | Carbon                   | 160.00            | mm       |
| Higher Strength        | -                 | Carbon-manganese         | 160.00            | mm       |
| Higher Strength        | -                 | Alloy                    | 160.00            | mm       |

### Additional Remarks

**Scope of approval also includes round billets up to 170 mm diameter in Normal and Higher Strength Carbon, Carbon/Manganese Steels and Alloy steels.**
